Pét Nat is short for "Pétillant Naturel", which simply means "naturally sparkling" in German. Although a recent phenomenon, pét nats are the product of a traditional way of making sparkling wine. Pét Nats are fast-paced and encouraging. They awaken your spirits, suddenly shoot energy into your veins and are great fun. At least that's how it is with us, we are really into Pet Nats. The grapes for our Pét Nat come from the red Pinot Noir variety and were pressed in the same way, hence the white color. Crisp, healthy and with a perfect sugar-acid balance, they were picked by hand in the morning hours of September and processed immediately. # unadorned & #unfiltered
