The Riesling PUR is a so-called "Orange Wine". It was fermented like red wine, and no sulfur was added during the whole process. This is the reason for its color and also for the name "Orange Wine". Important prerequisites for such a wine are healthy grapes and a stony soil. After fermentation, the wine was filled into oak barrels for the further, slow maturation process. The Riesling PUR 2014 is characterized by intense aromas of herbs and noticeable tannins. The mineral and spicy note and its long and slightly bitter finish make the wine an excellent food companion. Try the Riesling for oysters! In addition, the Riesling PUR has high storage potential.
