Aging ability	3 years - 15 years

Vranac (called in the main area Republic of Macedonia Vranec) is a high-quality, indigenous grape variety on the Balkan Peninsula, from which strong, deep-dark, purple, full-bodied red wines are pressed. This wine captivates with its intense ruby red color, rich dark red tones and clear barrique bouquet. Typical of the taste for a noble Vranac: extract rich, wild berries, blackberries, redcurrants, pleasant and soft tannin content. Winegrowing region: Center (Vardar Valley), Winegrowing area: Tikves
