The Zweigelt Eiswein 2018 has grown on one of our northernmost locations, the Hiesberg, at approx. 350m above sea level. It just turned out nicely that we were able to harvest this noble drop at minus 8 ° C. After a slow spontaneous fermentation, the ice wine was poured into small used oak barrels in order to mature there until January 2020. Then it was filled, unfiltered and with a minimal addition of SO2 to prevent secondary fermentation. The Zweigelt Eiswein 2018 is a sweet but also spicy, mineral dessert wine that goes well with chocolate desserts but also with ripe mold cheeses.
